GLEN SAINT MARY, FLORIDA, *Oct. 1, 1905*

Greeting:

This is not our regular Catalogue, simply a Price-list made up in condensed form for the convenience of our customers. It contains same prices as our 1906 Descriptive Catalogue, issued November 1, 1905.

If you haven't one of our Descriptive Catalogues, send for it. It's a fine piece of typographical work, profusely illustrated with splendid half-tone photo-engravings, and contains descriptions and suggestions as to adaptability of about 350 varieties of fruit trees, shade trees, roses and ornamentals, many of which are well adapted to your section.

The nursery business is in a class by itself. It takes from one to four years to prepare trees for sale, and while we grow large quantities and endeavor to anticipate every possible demand, it is impossible to foresee conditions sufficiently long in advance to satisfy everybody. Don't wait to get Catalogue before sending in your order. Let us book it now and make sure of supplying what you want. If you are not sure what kinds you want, you can leave selections to us, or you can make up your order as you think you want it, and ask us to revise it. In either case we will see that you get varieties best suited to your section and purposes for which you want them.

We assure you that your orders and communications will have prompt and careful attention.

Very truly yours,

Glen Saint Mary Nurseries

Terms of Business

Location.—Our Nurseries are one and one-half miles southwest of Glen Saint Mary, Baker county, Florida, a station on the Seaboard Air Line Railway, thirty miles west of Jacksonville.

Invitation to Visitors.—We take pleasure in showing our stock to persons wishing to purchase, and, if notified in time, will meet visitors at the station on arrival.

No Agents.—We employ no agents, and have no connection with any other nursery. No one is authorized to represent us or to sell stock for us. Trees sold to dealers must be resold by them on their own responsibility. We are responsible only to parties purchasing direct from our Nurseries.

Club Orders.—Neighbors can sometimes club together and have one of their number place order for all, thus often securing lower prices on account of larger number of trees ordered.

Minimum Orders.—We do not care to accept orders amounting to less than \$2.

Applying Prices.—Five, fifty and five hundred trees of one class at ten, hundred and thousand rates, respectively, purchaser's selection from varieties of one fruit having a common price. For instance, fifty or more peaches, in one or more varieties, would come at the hundred rate, and five hundred or more at the thousand rate. The foregoing does not apply to badly assorted orders or to long lists made up of a few each of many varieties.

Terms Cash with order, if for immediate shipment. Orders for trees to be held for some weeks after the shipping season opens should also be accompanied by full payment. On orders booked in advance of the shipping season 25 per cent down, balance due when the shipping season opens. We do not care to ship trees C. O. D.

Remittances.—To secure safety and prompt acceptance, remittances should be made by Bank Draft, Express or Post Office Money Order, Registered Letter or prepaid Express.

We prepay freight to points in Florida, Georgia, Alabama, Mississippi, Louisiana and Texas on orders amounting to \$5 or over when figured at prices in this Price-List, provided trees are paid for before shipment. To other points we will, on cash in advance orders of \$5 or over, either prepay freight or allow a 10 per cent discount—at our discretion,—from prices in this Price-List. Orders conforming to above terms, but for express shipment, will either be forwarded collect and allowance made on invoice for amount freight would have come to, or will be prepaid if express charges amount to no more than freight.

Transportation at Purchaser's Risk.—Our responsibility ceases upon delivery in good order to forwarding companies; claims for loss or damage in transit should be made upon the latter. We will, however, start a tracer for delayed shipments, if notified, and use every means at our command to secure prompt delivery, or recovery in case of damage or loss.

Shipping by Mail.—In ordering trees or plants for shipment by mail, add 15 per cent to the list price on the smallest size given, to cover cost of packing and postage. We cannot guarantee trees to come up to size specified in list, as only very small specimens can be sent in this way.

Time of Shipment.—Unless instructed otherwise, orders received during the shipping season will be forwarded as soon after their receipt as possible, and orders booked in advance will be shipped as soon as may be after the shipping season opens.

The Shipping Season.—November to March for all trees and plants. Citrus trees can, however, be shipped at any season of year, but when forwarded during summer months, can safely go only by express.

Selecting Varieties suited to locality is of the first importance, and can often be more advantageously done by ourselves than by purchasers. We are always glad to aid our customers in their selections, when so desired, and will, upon request, cheerfully furnish additional information in regard to the adaptability or desirability of particular varieties.

Substitution of Varieties.—We desire to follow our customers' wishes in this respect, and have found that they gen-

erally wish us to substitute, to the best of our judgment, in case any varieties or sizes ordered are exhausted. We, therefore, substitute when necessary, unless instructed to the contrary.

Printed Labels attached, with brass wire, to everything sent out.

We Guarantee all stock sent out to be well rooted, well grown, true to name, properly packed, and shipped according to instructions. Our liability under the foregoing guarantee is limited in amount to the original price received.

Claims.—If, by any possibility, errors should occur, they will be promptly rectified if claim is made within ten days after the receipt of the goods.

EXTRA-SIZED TREES

We use utmost care in grading to see that all trees and plants are fully up to or better than sizes called for in price-list. In addition to regular sized trees, we can furnish specimens of both fruit trees and ornamentals in extra large sizes, which we will quote upon application.

TREES IN POTS AND TUBS

We now have, in splendid condition for house and lawn decoration, a fine lot of Orange and Kumquat trees in pots and tubs. Prices on these range from \$2.50 to \$3.50 each for potted trees and \$7.50 to \$12 for trees in tubs. These trees are quoted f. o. b. cars here. Particulars upon application.
